

Business Safari 1.11.2022

The participants on a short break in Old Vaasa.

A first *Business Safari*, taking international students and graduates for visits to four different companies in one day, was arranged on a beautiful November day in Vaasa. The group consisted both of current students from the local HEIs and of graduates from international and Finnish educational institutions.

Joining the day also Anna Korsbäck from the TE services' International Team.

Thanks to our chauffeur Mikael & Wasabus!

An interesting, informative, hopefully useful and even eye-opening day for both the participants and the receiving companies. A warm thank you to Wärtsilä, Arcteq Relays, Finvacon and VEO who welcomed our Safari this time!
